TERMS AND NOTES

PRICES

All prices are FOB Qingdao or Rizhao in US dollars, calculated at an exchange rate of 6.60 CNY per USD. Quotations are valid for 30 days. Orders are subject to a +/-3% exchange-rate adjustment clause.

STARTING PRICES

The 'From' figure is the entry price of a model at its thinnest build and smallest size. It is published so buyers can compare tiers. The price of a specific size and build is confirmed in a written quotation.

CONSTRUCTION

Nine model-specific spring constructions. The illustrations are references; final layer composition, thickness and feel follow the approved sample.

LATEX

Latex-containing fills are identified by composition. HAICHU makes no '100% natural latex' or 'organic' claim unless the factory issues supporting test documentation.

LOADING

40HQ reference figures are planning numbers for the stated model and size. 40GP and 20GP figures are volume-based estimates, not tested loading. Actual cartons, weights and the final loading plan are confirmed per order.

SAMPLING

Sample fees are credited only when the first bulk order reaches one 40HQ. Courier charges are quoted separately.

LEAD TIME

25-35 days after deposit and final specification approval, excluding Chinese public holidays.

THE COMPANY

HAICHU Import & Export is a trading company based in Zibo, Shandong, China. We do not operate a local warehouse in Malaysia: every order is shipped FOB Qingdao or Rizhao directly from the factory that holds the specification. We supply pocket-spring mattresses - roll-packed and flat - to distributors, retailers and hotel projects, and we quote against the approved sample rather than against a catalogue picture.
